## **ELECTIONS**

November is the SCTE•ISBE Penn-Ohio Election Month and we would like to take this time to recognize and thank all those who volunteer their time to support the Chapter in a mini series we call, Meet the Candidates.

Over next few months we will highlight some of our board members and volunteers so that you can get to know these amazing leaders. Please take the time to look over their story and how they have contributed to the success of the Chapter in providing training and information to the members.

## Meet the Candidates

### **Peter J Stanley**

Peter J Stanley is a 41-year veteran of the cable industry. He began his career with Centre Video in the South Hills office and has held various positions throughout the years. Tech, lead tech, Tech Ops supervisor, Maintenance supervisor and Service Manager for switched telephony. Pete Managed FCC compliance for the Three Rivers/Keystone Region, POP Compliance, 320, AFN, 325 etc.

Pete approved all node certification for our Comcast CDV telephony product and spent over 12 years as the Capacity manager for high speed data, video on demand and capacity related node splits. This involved new CMTs, QAM and service group adds as well as field augments to ensure speeds and video viewing are best in class. Pete is presently part of the evolving SIT (deployment) team for Comcast Division Shared Services.

Pete has been an SCTE member since 2003, served as an associate board member since 2016 and presently resides as Chapter Secretary. When asked how he provides value to the chapter Pete said “As a board member I offer my insight on chapter membership’s behalf as well as first hand insights to the workings of the board and the amazing time and effort needed to provide what I believe are fantastic learning opportunities to our membership.”

SCTE membership over the years has given Pete the opportunity to expand his knowledge and skills, not only for himself but to mentor others, giving them the tools to advance their standing in the industry.

Pete is a consummate professional who’s 41 years of Industry knowledge is invaluable and rarely matched by others. It is an honor to have Pete as a Chapter leader and we look forward too many more years of service.

### **Donna Butz Robich**

Donna Robich is currently an Engineer on the Comcast Metro E Engineering Team for the Keystone Region. Donna has more than 19 years' experience in the cable Industry with an AAS in Electronic Engineering and several industry certifications. Donna has also attended leadership development programs through Comcast University and has volunteered for several SCTE committees.

Donna was part of the founding board of directors of the WICT Women in Cable Telecommunications Greater Pittsburgh Chapter and continues to support the board in there development of women in the industry and technical programs. In the past she has volunteered as a mentor for a local First Robotics team and has supported other STEM programs.

Donna is currently the VP of Communications for the SCTE Penn-Ohio Chapter.
