## **Penn-Ohio SCTE•ISBE Chapter**

**Welcome to the 2021 Penn Ohio Webinar and Vendor Spotlight Series. Each month we have asked members of our Vendor community to give mini Vendor Show presentations. Additionally, during Tech Session Webinars we will do the same. Stay tuned for a full schedule of 2021!!**

**Thursday, September 16th**

### **9-10am DOCSIS Training**

**Presented by Jorge Figueroa,**

**Harmonic**

MSOs are deploying multiple access technologies like DOCSIS 3.1/4.0, fiber, and fixed wireless to meet an increasing demand for bandwidth. This webinar discusses how MSOs can transition their network efficiently from DOCSIS to PON, and how all these access networks can be served by a consolidated access platform. The technologies that allow this consolidation are introduced, and the benefits gained from consolidation in terms of capex/opex savings and faster time to market are presented.

### **10-10:30am Vendor Spotlight**

**This Series is FREE!**

## SCHOLARSHIPS AND GRANTS ARE AVAILABLE!

The PENN-OHIO Chapter generously provides Scholarship opportunities to Chapter Members in good standing.

Get more information here:

### Penn-Ohio Scholarship Program

The SCTE Foundation also provides Grant opportunities for SCTE•ISBE Members.

Here is an SCTE Foundation Success Story:

SCTE Member, Dana Blouin, BTCS, BTS, IPEP, provides a testimony on how the SCTE Foundation grant that he received has helped to advance his career in cable telecommunications.

If you dream of expanding your knowledge and obtaining a successful, long-term career in the cable telecommunications industry, then an SCTE Foundation grant may be the solution to help you achieve your goals. The awarded funds can be applied toward any type of cable

**Spring is right around the corner**

**\*\*\*\*It is important to note, Members need not worry about their Chapter involvement during the COVID-19 Crisis.**

**We as a Chapter and Professional Organization are here for you during this time and will do our best to provide value as best we can but you are under no obligation to participate.**

**Our industry is the most essential part of the disaster effort outside medical and first responder efforts. We do not want any member feeling awkward about missing an event or even a webinar because they are caring for their family, or working extra hours to ensure our customers and network are strong and uninterrupted.**

**A big shout out to the Techs and front line Professionals out there risking their health and well being to keep the world turning!!!**

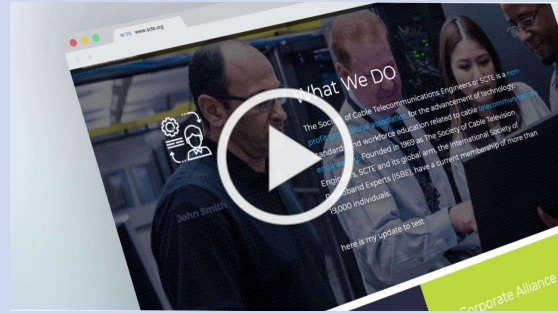

**Stay Safe!**

This valuable training will assist those preparing for the following SCTE•ISBE Certifications:

telecommunications learning  
opportunity or resource relevant to  
your career.

Become an SCTE member and take  
advantage of the SCTE Foundation,
